Instructions: How to use the Instagram Filters

<p>Open the Instagram App on your mobile device (Install the Instagram App first if you don't have it already).</p> <p>Within the Instagram App, search for janicehertel And click on this result:</p>	 <p>A screenshot of the Instagram search interface. At the top, the time is 3:29. A search bar contains the text 'janicehertel'. Below the search bar are three icons: a hamburger menu, a person icon, and a hashtag icon. The search results show a profile for 'janicehertel' with the name 'Janice Hertel' and a profile picture of a woman with colorful face paint.</p>
<p>Click on the link in my Instagram bio that will take you to one of my favorite filters.</p>	 <p>A screenshot of the Instagram profile for 'janicehertel'. The profile picture shows the same woman with colorful face paint. The bio includes the text 'Janice Hertel Artist 🎨 link below to use my latest Instagram camera filter' followed by the URL 'www.instagram.com/ar/310964266898181'. A red arrow points to the URL.</p>
<p>Now you should appear on screen with the filter applied to your face.</p> <p>(Open your mouth to see if the filter has more effects, some do.)</p> <p>Click on the round button at the bottom of the screen to take a photo of yourself using the filter, or hold the button to record a video.</p>	 <p>A screenshot of a woman using the Instagram camera filter. She is wearing glasses and has her mouth open. The filter is applied to her face, showing colorful squares and a blue glow. The time is 5:36. A large white circular button is visible at the bottom of the screen.</p>

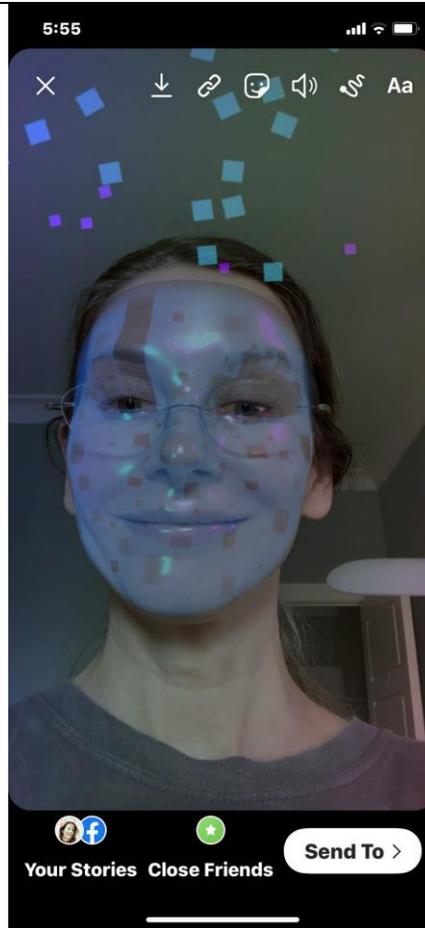

After taking the photo or recording a video, some options will appear with icons across the top and the bottom of the screen:

If you recorded video, you can choose to turn off the sound by clicking on the **Sound** icon before you save or share your video.

Click on the **Save** icon to save your photo or video to your phone (photos). This is useful if you'd like to upload your photo or video to other social media later (#CBNuit2020), or view it in your phone's photo album.

Click on the **Your Story** icon to add it to your Instagram Stories. If your account is linked to Facebook, the story might also appear on your Facebook profile.

Click on the **Send To** icon to send it directly to a friend within Instagram.

To find all of my filters:

Click on the link in my Instagram bio that will take you to one of my favorite filters.

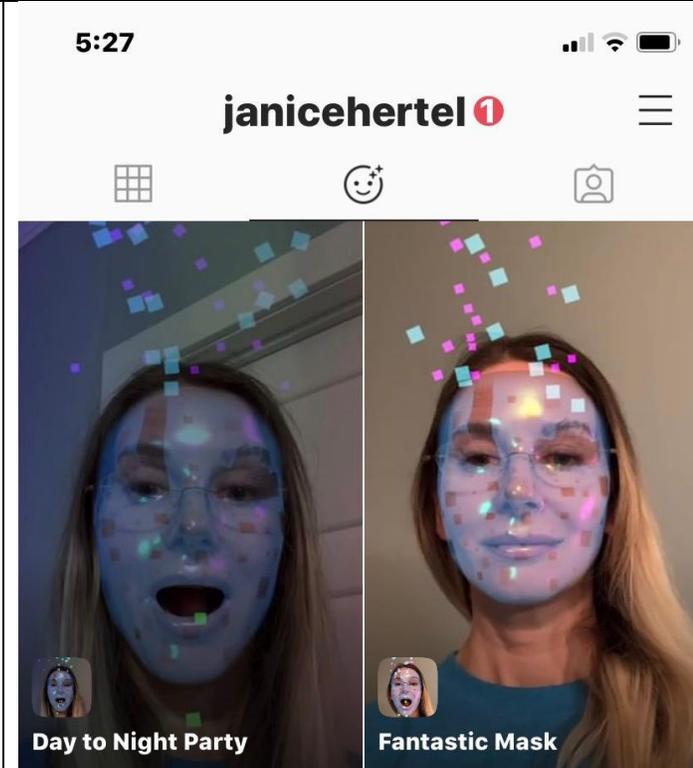

Then click on the drop down list at the bottom of the screen '**Filter name by janicehertel**' ,

then '**... More**'

then '**More by janicehertel**'

You should now see all of my filters :

Thanks! I hope you enjoy using these filters!

SNAPCHAT

Lens Link for 'CB Nuit Party 1'

https://www.snapchat.com/unlock/?type=SNAPCODE&uuid=72ea96a6c0c444ab9f9319c2ef4a0b19&me_tadata=01

Instructions for the Snapchat lens 'CB Nuit Party 1'

Open the Snapchat App on your mobile device (Install the Snapchat App first if you don't have it already).
Within the Snapchat App, take a picture of this image:

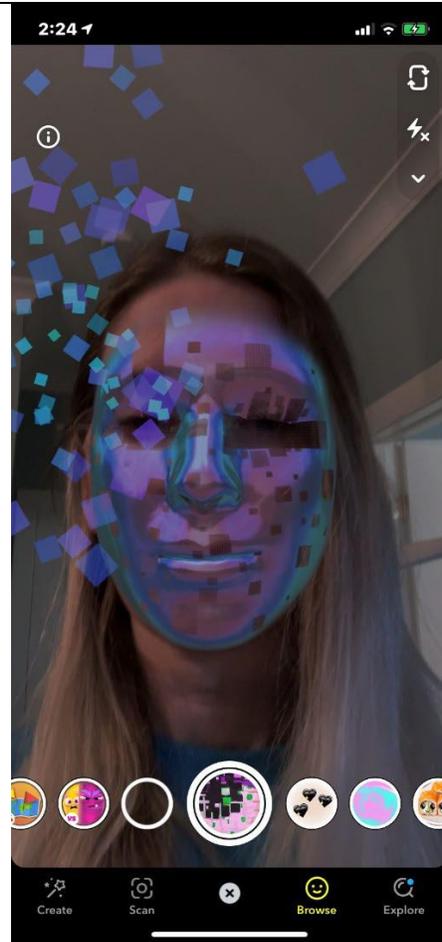

CB Nuit Party 1
by Janice Hertel

Click on the 'Unlock for 48 hours' button.

Click on the round button at the bottom of the screen to take a photo of yourself using the lens, or hold the button to record a video.

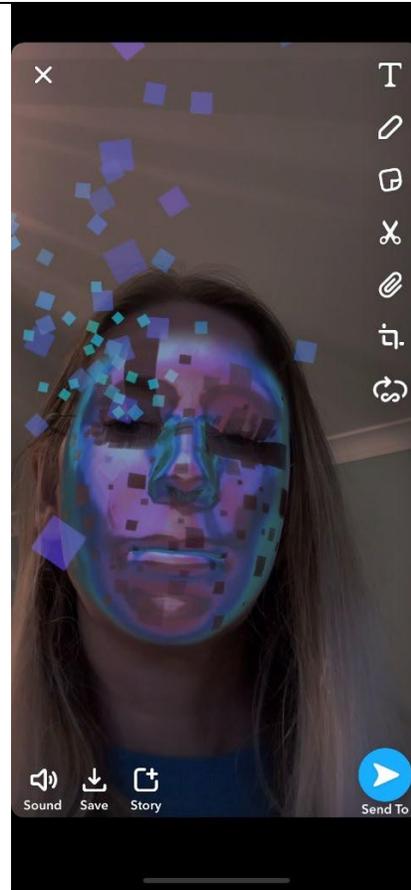

After snapping the photo or recording a video, these options will appear with icons on the screen:

If you recorded video, you can choose to turn off the sound by clicking on the **Sound** icon before you save or share your video.

Click on the **Save** icon to save your photo or video to your phone (photos). This is useful if you'd like to upload your photo or video to other social media later (#CBNuit2020), or view it in your phone's photo album.

Click on the **Story** icon to add it to your Snapchat Stories.

Click on the **Send To** icon to send it directly to a friend within Snapchat.

Add me on Snapchat for more filters to come.

Thanks, I hope you enjoy using this lens!
Please share pics and videos with CB Nuit's other social media like Facebook and Instagram.
